

# Can you find any plants that are useful to people?

**Hint:** Look at the signs around the Gardens to help you find out which plants are useful.

## Challenge:

Imagine you are an explorer discovering a new plant for the first time. How would you check if it is safe to eat or use as medicine?

## Key vocabulary:

habitat, food, medicine, air, clothes, materials

# Look carefully and record what you discover

Plant name	Uses	Part of the plant used
